Einstein Entertainers

Dear Parents and Carers,

We are excited to inform you that as part of our **Science Week** we have arranged a special visit from Einstein Entertainers on **Tuesday, 10th February**.

Einstein Entertainers are a fantastic team dedicated to making science fun, engaging, and interactive for young learners. Their high-energy, hands-on shows bring science to life, inspiring curiosity and excitement in children through thrilling demonstrations and experiments.

This visit is part of our enrichment opportunities for the children, giving them the chance to experience awe and wonder as they watch science live in action. They will have the opportunity to explore key scientific concepts in an exciting and memorable way, sparking their enthusiasm for learning.

To help provide this valuable experience for our children, we have asked for a contribution of £3 per child. This sum is included in the School Enrichment Events 2025/2026 payment item which can be found on your Arbor account.

If you have already made a full or part contribution towards this payment item we wish to thank you for your valuable and kind support.

If you haven't yet made a contribution we would be very thankful if you could do this as soon as possible. Details on how to make the payment can be found on the email accompanying this letter. If you are experiencing difficulties in using Arbor please visit the office for help or to make a cash payment (it will all go towards this fantastic experience for your child).

Thank you for your support in making this learning experience possible for the children. We are sure they will thoroughly enjoy it and gain a lot from it.

If you have any questions, please don't hesitate to contact us.

Thank you for your continued support.

Miss L Carmichael
Science Lead
