

We believe that the rapid recall of key facts underpins the success and progress of all in maths. Children will be introduced to their key facts in class and will be regularly practised in school. Children will also be expected to practise these key facts at home. By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

Your key fact for this half term is:

I can count forward and backward in steps of 2, 5 and 10

Key Facts

Children should be able to start at zero and then count on

0 2 4 6 8 10 12 14 16 18 20

0 5 10 15 20 25 30 35 40 45 50

0 10 20 30 40 50 60 70 80 90

When confident they should try counting backwards steps from any of the numbers above

Key Vocabulary

How many tens can you count?

How many 2s do we count to make 10?

Top Tips

The key is to make learning fun! Try taking it in turns to SHOUT the times tables e.g for the 2x table, one person shouts 2, another shouts 4

Use fingers to count each step 2 4 6 8 10 12

so children see they have

counted six lots of two to make 12.
