

Friday, March 1, 2024

Dear Parents/ Carers,

We are really pleased to be opening our Year 1 classrooms and would like to invite **one parent/carer** to come and watch a Mastering Number session in your child's class.

For those who didn't attend the Math's Workshop; Mastering Number is a project that aims to secure firm foundations in the development of good number sense for all children from Reception through to Year 2. The aim over time is that children will leave KS1 with fluency in calculation and a confidence and flexibility with number.

This session will run on **Wednesday 13<sup>th</sup> March 2024** and will begin at **2:45** and will last around 20 minutes.

To join the session, please enter the school through the Poynings Avenue gate, which will be opened five minutes before the session is due to begin. The class teacher will open the classroom door to invite you in. When the session has finished the children will be able to leave with you for home. Once you are in the classroom you will not be able to leave the classroom via our internal doors, exiting will only be permitted via the external doors.

We hope you are able to support your child and come along.

Yours sincerely,

Miss Goodman

Maths Lead
