

12th September 2024

Year 2 Maths Workshop

Dear Parents/Carers,

This year we will be holding a **Maths Workshop** for Year 2 classes on **Wednesday 25th September 2024**. This is a time when we celebrate our maths learning and invite children to take part in various problem-solving activities, link maths to the outside world and encourage the use of a range of mathematical resources and equipment.

We are inviting **one** parent/carer to join their child for the Workshop **in the main Infant Hall**.

The session will start with a short presentation on how we teach number and calculating in Year 2. This will be followed up by the children joining you for around 25 minutes to engage in various maths-based activities. At the end of the session, the children will have the opportunity to take home resources to support any practise at home.

Staff in our bases will discuss the event with parents of children accessing Starlight or Rainbow Room.

Please see below for times you can join your child:

9.00-9.45		2.30-3.15	
Fox Class	Otter Class	Squirrel Class	Hedgehog Class
Badger Class			

Please enter the school via the Poynings Avenue entrance and make your way to the Infant Hall. Please note the gates will be shut promptly at 9.05am and 2.20pm to ensure security around the site, so do make every effort to be on time as late entry will not be possible.

We look forward to seeing you.

Yours sincerely,

Miss Goodman
Maths Lead
