

# Year 2

## Home Challenge!

Our theme this half term is '**Wonderland!**'. Our theme is based on learning and exploring the fantasy story, Alice in Wonderland as well as learning about animal habitats in gardens and woodland areas.

We would love the children to get involved at home. Please have a look at our ideas or you may come up with your own.

- Write a book review of Alice and Wonderland
- Make a simple board game or card game linked to animal habitats in the woods, or your garden or Alice and Wonderland
- Explore your garden, local park or woods and find out what lives there and where their habitat is, maybe draw a map of the area or take some photos and make a mini book to share
- Using an old shoe box to recreate your garden, local park or woods showing the different creatures and their habitats

### DON'T FORGET!

You can visit the library to find some non-fiction books about woodland animals and their habitats.  
Please bring in any lovely work you do at home and share with your class or put it up on your ClassDojo Platform 😊
