

FUTURE ENGINEERS

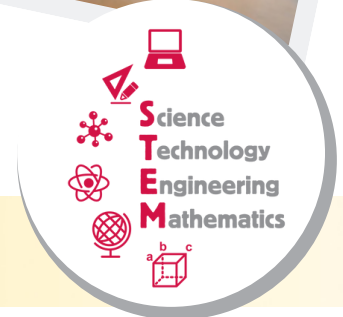

by BRICKS 4 KIDZ

Designed and created by teachers, architects and engineering professionals, the Future Engineers After School curriculum by BRICKS 4 KIDZ® introduces kids to **concepts of engineering, architecture and mechanics using LEGO®!**

Students follow our step by step instruction booklets, working in pairs to create awesome moving models from our special LEGO® Technic Project Kits.

We combine learning with play using themes such as Space, Inventions, Animals, Life Sciences and more to provide variety and ensure a high level of interest and enthusiasm amongst our students!

LEARN – BUILD – PLAY!

- **Fridays 10 wk Course - YEARS 1&2: (starts 15 September)**
- **Pick up 4.15pm.**
- **£60 per child (PayPal/bank transfer)**
- **We use LEGO® Technic elements, including motor and battery pack!**
