Dear Parents/Carers

We hope this letter finds you well.

As we continually strive to provide the best educational experience for your children, we have identified that many of our children would benefit from beginning their classroom transitions earlier this year. We are therefore pleased to announce the details of our early transition plans.

Starting soon, your child will have the opportunity to get acquainted with their new teacher, **Miss Ayres**, who is eagerly looking forward to meeting and working with them in **Heron Class**. Additionally, **Miss Ayres** will be supported in the classroom by **Ms Peters and Mrs Bann**, who will be providing additional support and ensuring a smooth transition for all our children into Year 1.

Over the next few weeks, your child will meet and spend time with their new classroom adults this could include a story time, class teacher popping in to say hello, a child taking work to their new teacher or them playing a short game with the class. These interactions are designed to help the children feel comfortable and excited about the upcoming school year.

On 3rd July the children will also spend the afternoon in with their new adults to familiarise themselves with their new classroom environment.

We strongly believe that this early transition work will significantly benefit your child's adjustment to their new classroom and will allow them to return in September without any worries and happy to return to school.

If you have any questions or concerns, please do not hesitate to contact us. We are committed to making this a positive and successful experience for your child and welcome your views as always.

Thank you for your continued support.

Best regards,

Scott Roche

Principal
