

Dear Parent / Carer,

We will now be using Tapestry to provide the children with weekly home learning challenges. We will publish these activities every Monday. These will be published as 'Planned Activities' and are currently only available to view using a computer and not on their app.

If you click on your child's profile you will be able to view the latest planned activities.

You will be able to comment on your child's progress at home and post your own observations in response to the activities but be aware that other parents assigned to that activity will also be able to see your comments but not your child's name.

This will all be in addition to your child's online learning journal and will not replace our weekly observations. If you are continuing to have problems logging on to Tapestry, please provide your class teacher with your full name and email address and we will try to rectify the issue as soon as possible.

Many thanks,
The Reception Team
