

Thursday, March 21, 2024

Dear Parents / Carers,

As part of our ongoing Science and Geography Curriculum, linked to the changing seasons we will be visiting the fantastic wildlife facilities at **The Hive at Garon Park** for our last visit of the year.

We are looking forward to taking the Year 1 children for our third visit to see how the current season looks at The Hive since we were there in February. The children will be spotting any similarities and differences to our last visit as well take part in some other seasonal activities.

We will be visiting the week beginning **Monday 15<sup>th</sup> April 2024, which is the first week after the Easter break**. The children will be leaving school after they have registered and will return to school in plenty of time for lunch.

**Please can you make a payment of £1 contribution as soon as possible**, however, this £1 contribution will be included in the £3 extra-curriculum donation outlined in the Events Letter, which will be sent out before the Easter holidays. **If you have paid this already you do not need to pay an additional £1.**

**The dates are as follows:**

**Newt:** Monday 15<sup>th</sup> April  
**Dragonfly:** Wednesday 17<sup>th</sup> April

**Duck:** Tuesday 16<sup>th</sup> April  
**Heron:** Thursday 18<sup>th</sup> April

We would welcome any volunteers for these days too, so if you are available to help then please speak to your child's class teacher.

Thank you for your support,

Mrs Vicki Tracy  
Vice Principal
