

Reception Maths Workshop

Dear Parents/Carers,

This year we will be holding a Maths Workshop for Reception classes on **Friday 16th January 2026**. This is a time when we celebrate all of our Maths learning and invite children to take part in various problem-solving activities, link Maths to the outside world and encourage the use of a range of Mathematical resources and equipment.

We are inviting **one** parent/carer to join their child for the Workshop **in the main Infant Hall**. If you're unable to attend as a parent or carer, please don't hesitate to ask a trusted family member, such as a grandparent, to accompany your child instead.

The session will start with a short presentation on how we teach Maths at Hamstel, followed by the children joining you for around 25 minutes to engage in various Maths-based activities. At the end of the session, the children will have the opportunity to take home resources to support you and them with their Home Learning.

Here are the dates and times:

9.00-9.45		2.30-3.15	
Peacock Class	Woodpecker Class	Kingfisher Class	Owl Class

Please enter the school via the Poynings Avenue entrance and make your way to the Infant Hall. Please make every effort to arrive on time and be prepared to stay for the whole session, late arrivals/early exits cannot be accommodated.

We hope you are able to support your child and come along.

Yours sincerely,

Miss Goodman
Maths Lead
