

# Year 2

## Let's Explore Home Challenges

For the first half of the spring term in Year 2 our theme is 'Let's Explore'. Our learning is based on learning about the Polar Regions, Antarctica and the Arctic. We will be exploring what these places are like and about the animals that live there.

We would love for you to get involved over the next few weeks with your child at home too, so here are some ideas for you to choose from. Home learning can be brought into school or shared on Class Dojo. We look forward to seeing it 😊

### Create a polar postcard!

Make and write a postcard from an Explorer to someone back home.

Make a model of a Penguin or Polar Bear.

### Dress like an Explorer!

Design an outfit to keep warm in Antarctica. You can draw, make it or dress up at home!

### Research your own Explorers!

Find out about other explorers who went to Antarctica and create a fact file or booklet.

### Make your own Polar landscape!

Use an old shoebox to create your own Polar landscape. What features and animals could you include?

Create a simple job advert for a Polar Explorer to go on an expedition.
