

Hamstel Junior School

Excellence in everything

Welcome to Hamstel Junior School.

We are a large community school which prides itself on offering the very best education to all of our children; our aim is ***Excellence in Everything!***

We recognise that choosing a junior school for your child is an important decision. In the past we have offered tours with our Headteacher so that parents can see the school in action. Due to Covid-19 we are no longer able to invite parents into the school. Instead, please take a look at our website and our welcome video to find out more about us. If you have any questions, please call or email the office.
