

Friday, February 2, 2024

Dear Parents/ Carers,

Next week we are opening up our Year 2 classrooms to invite **one parent/carer** to come in and watch a **Mastering Number lesson** in your child's class.

Mastering Number is a scheme that aims to secure firm foundations in the development of good number sense for all children from Reception through to Year 2. The aim over time is that children will leave KS1 with fluency in calculation and a confidence and flexibility with number.

This session will run on **Wednesday 7th February 2024** and will begin at **2:45pm** and will last around 20 minutes. You will be free to take your child home after the session has finished.

To join the session, please enter the school through the Secret Garden, where the class teacher will open the classroom door to invite you in. When the session has finished the children will be able to leave with you for home. Once you are in the classroom you will not be able to leave the classroom via our internal doors, exiting will only be permitted via the external doors.

We hope you are able to support your child and enjoy an insight into our Mastering Number Lessons.

Yours sincerely,

Miss Goodman
Maths Lead
