

At the Seaside

Our theme for this half term is all about seaside holidays in the past. We would love to see the children exploring this theme at home. Here are some ideas of how you can join in. However please feel free to share anything else you do.

- Visit the beach and take part in some seaside activities e.g. build a sandcastle, paddle in the sea, collect some shells
- Write a postcard about your day or visit to the seaside
- Go for a walk along the pier. Find out about the pier, when was it built, how long is it?
- Create a show box model of our seaside town
- Visit the library and borrow some books about the seaside
- Practice writing your numbers correctly to 100

You can bring your work in to share with your class or upload it to your Dojo Platform. We look forward to see what you do!
