

Dear Parent/Carer,

Reception will soon be taking part in the National Child Measurement Programme (NCMP).

If you haven't already done so, please remember to register for a **School Health Parent Portal** account so you can read more about the programme and access your child's results following their screening. There is also a health questionnaire you can fill out with your child.

What do I need to do?

1. Click the link below, this will take you to the registration landing page
2. Register for a school health parent portal account, using just an email address
3. Check your email inbox to create a password. It's important that you keep hold of your Username and password for future logins and to access your child's results.
4. Log into the portal to read further information about health programmes

(Please note, the portal does not work with **INTERNET EXPLORER**)

NCMP & Health Questionnaire

Please click on this link below to register for the parent portal and read the information about the National Child Measurement Programme (NCMP) and fill in the health questionnaire for your child.

You will be given the opportunity to opt out should you wish to. If you do not complete the opt out form, your child will be automatically screened.
