Gemma's Farm

Dear Parents/Carers,

We are thrilled to let you know that we have arranged a special visit from **Gemma's Farm**, who will be coming to school on **Tuesday 12th and Wednesday 13th May** as part of our enrichment opportunities for the children.

Gemma's Farm is a mobile farm experience that brings a variety of friendly farm animals directly to schools. Their experienced team offers children the unique opportunity to meet and learn about animals such as sheep, goats, chickens, ducks, rabbits, and more – all in a safe and caring environment.

This visit will allow the children to get up close to the animals, ask questions, and develop their understanding of animal care, life cycles, and the natural world in a hands-on and engaging way. It's a fantastic opportunity to support learning across many areas of the curriculum while also encouraging curiosity and respect for living things.

To help provide this valuable experience for our children, we kindly ask for a contribution of £3 per child. This £3.00 contribution is included as part of the Curriculum Enrichment payment item on your Arbor account. If you have already paid in full thank you very much, we really do appreciate your support. If you have not yet made a contribution towards the Curriculum Enrichment activities that your child has enjoyed we would be very grateful if you would consider doing this as soon as possible. Details of how to make a payment are included on the accompanying email.

Thank you for your support in making this learning experience possible for the children. We are sure they will thoroughly enjoy it and gain a lot from it.

If you have any questions, please don't hesitate to speak with your child's class teacher.

Thank you for your continued support.

Miss L Carmichael
Science Lead
