

Thursday, February 8, 2024

Dear Parents / Carers,

As part of our ongoing Science and Geography Curriculum, linked to the changing seasons we will be once again visiting the fantastic wildlife facilities at **The Hive at Garon Park**.

We are looking forward to taking the Year 1 children for our second visit to see how the current season looks at The Hive since we were there in October. The children will be spotting any similarities and differences to our last visit as well take part in some other seasonal activities.

We will be visiting The Hive the week beginning **Monday 26th February 2024**. The children will be leaving school after they have registered and will return to school in plenty of time for lunch.

If you haven't already, please can you make a payment of £1 contribution as soon as possible, however, this £1 contribution was included in the £5 extra-curriculum donation outlined in the Events Letter, sent out just before the Christmas holidays. **If you have paid this already you do not need to pay an additional £1.**

The dates are as follows:

Newt: Monday 26th February
Dragonfly: Wednesday 28th February

Duck: Tuesday 27th February
Heron: Thursday 29th February

We would welcome any volunteers for these days too, so if you are available to help then please speak to your child's class teacher.

Thank you for your support,

Mrs Vicki Tracy
Vice Principal
